I would love to hear from you.

Welcome to your **NEW ADVENTURE**

Following 10 successful years of running In2Action, along with my wife Karen, we are both so proud that In2Action now operates at over 30 locations around the world, delivering activities to at least 300,000 children each year, with an immaculate safety record and superb guest feedback.

Before starting In2Action, Karen and I both worked for many years in the UK schools' education and adventure sector and this has always been a passion of ours.

We firmly believe that a fundamental part of a child's development starts as they begin to define themselves as an individual in the world of their peers. Residential trips and learning outside the classroom play a key role in this development and provide a platform from which children can follow their dreams.

We look forward to hearing from you.

INSPIRE

THE IN2ACTION EXPERIENCE

'We had a brilliant weekend and the children have loved every second of it! The staff have been beyond brilliant and they made the trip what it is because of their fun, professional and positive nature. This among many other reasons is why we will be returning to In2action next year.'

WHO WE ARE

Established, reputable and small enough to really care

At In2action, we strongly believe that the difference between us delivering a good experience and an outstanding experience is the people working within our company.

That is why we take great care to recruit exceptional people, who are perfectly suited to working with children in an inspiring, caring and positive way.

Our dedicated senior management team have been with In2action since the company was formed in 2004. Our combined experience and the passion we all have for the product drives us to deliver the very best experiences, every time.

We have small, hand-picked and highly trained teams working on our sites, to ensure that your children spend time with the same outstanding individuals throughout

their stay. Our instructors will know all your children by name in no time at all and will build valuable relationships during the course of your stay, allowing each individual child to get the most out of every experience.

We have a strong commitment to Safety and Welfare - We are members of the Royal Society of Prevention of Accidents (RoSPA) and British Activity Providers Association (BAPA). Our team are qualified in Child Protection and Welfare from the NSPCC and every member of staff within In2action is DBS (formerly CRB) checked and goes through a rigorous 14-day training programme.

As a family run company we understand the importance of working with people you know and trust. We are here to provide the support and assistance you need before, during and after your stay.

THE IN2ACTION EXPERIENCE

“The residential trip supported and enriched the ethos of our school, enabling the children to work cooperatively, develop their self-esteem, independence and confidence, whilst having a wonderful time.”
